Concerthaus. In this great building, faced by the monument to Mendelssohn, the famous Gewandhaus concerts (conducted by Professor Nikisch) take place every Thursday evening during the winter. These concerts were established by Mendelssohn in the old Gewandhaus in 1843 and he conducted at them for seven years. The modern Gewandhaus is a handsome building, built in 1883 after the designs of Gropius and Schmieden.

"WIDE-WIDE WORLD" LEIPZIG SAXONY.
